

How About Your Spring Corsets?

The woman whose smart and graceful appearance arouses a stir of admiration will not be the woman who paid the most money for her gown—but the most attention to her Corset. There is a Corset designed to make your figure look its very best; but that Corset cannot be chosen by guess. In our new Corset Department at the rear of the Carment Department are a great many different models, each one designed to produce utmost perfection on a certain type of figure. Your model is here, your friends' model is here and in the best makes of Corsets on the market. Why not consult us on the Corset question?

"Aboard a Ship" a very interesting picture that is at the Theatatorium to-day, is without a doubt the best of its kind ever seen in Barre. "The Warden" is a comedy that shows much skill. The feature picture is a sensational biograph subject, called, "The First Violin." This is one of those that make you sit up and take notice. Mr. Harrington sings, "Somebody's Heart is Sighing," and it completes a swell show.

C. B. Kelley, manager of the local Western Union Telegraph office, who has been transferred to the Montpelier office of the company to succeed V. A. Doty as manager of that office, has for five years been an efficient and obliging operator here and under his supervision the office has shown an increase in business every year. Manager Kelley worked up from the very beginning to the responsible position to which he has now been appointed. He learned the telegraphy while working as a messenger boy in the Burlington office and after a few years' apprenticeship there he went to Boston where he worked as operator in the main office of the Western Union for two years, coming to Barre as manager of this office five years ago. Though his services here will be missed by the patrons of the office his many friends both in a business and social way extend congratulations and wish him success in his new position. He will take charge of the Montpelier office on May 1st.

Three to Five Gallons Saved

B. P. S. Paint, as regards spreading capacity, is the most economical Paint that can be secured. One gallon will spread, and cover properly, at least 25 per cent. more surface than hand-mixed or ordinary prepared Paint.

This wonderful spreading capacity is due to the fact that B. P. S. Paint is more thoroughly mixed, and ground finer, than ordinary Paints. Spread a little B. P. S. Paint on glass, or between the thumb and fore-finger.

Do the same with hand-mixed or other prepared Paint. You will find B. P. S. Paint fine and smooth like flour; the other Paint coarse and gritty like granulated sugar. If these little chunk or lumps in the granulated sugar were crushed out, the material would spread over a larger surface. It is the same way with grinding Paint. The finer it is ground, the farther it will spread, and the longer it will withstand the weather.

On an ordinary size house, B. P. S. Paint means a saving of from three to five gallons. Owing to the purity of materials used, perfect formula, and absolute accuracy and thoroughness of mixing and grinding, B. P. S. Paint gives the best possible results in easy working qualities, covering and spreading capacity, fine finish and durability.
